Extended Family Corporation, Inc.
59 Winding Way
Morris Plains, NJ 07950

The Extended Family Corporation has been serving Morris County families in need for over 10 years. We have successfully provided financial support to families facing traumatic times...devastating illness coupled with significant financial burdens. The EFC alleviates the debt and the burdens of managing payments. In recent years, your support has allowed us to raise the funds necessary to respond to the financial needs of several local families during extremely difficult times. The word we hear most often as they express their appreciation is "overwhelming", and it is used to convey two messages. The first is the relief felt when someone takes over pressing bills and allows the caretakers time to concentrate on the individuals in need. The second message is to define the feelings generated when a group of people...neighbors in many respects, but also strangers...extend a helping hand, when the need is so great.

We hope that you will consider sponsoring our annual **Walk to Remember** which will be held on May 30, 2009 at the Presbyterian Church of Morris Plains. This annual event is our only fund raising activity and provides the resources necessary to make a positive impact on a local family in their time of need. In 2009, we will help to support the family of Margaret Spillane, who is recovering from major reconstructive surgery of the spine. The attached sponsorship form provides information on our three levels of sponsorship. We want you to know that your support is greatly appreciated, and we will work to highlight your generosity!

Thanks...and God Bless.
