

NOTICE

WAIT! Don't throw out that small appliance or electronic device!

**Would you like to do your part to help the environment?
Are you unable to make it to the Morris Plains Recycling Center?**

Now there is a solution...

The Morris Plains Rotary Club has launched a new program available to Morris Plains residents. If you have a small appliance or electronic device that you are discarding and would like to see that it is properly disposed of and/or recycled to the extent possible; you can now contact the club and they will come to your home and pick up the item(s) and transport them to the town's recycling center. Please note that this service is intended for those individuals who are unable to get the items to the center themselves. Pick-ups will generally be scheduled for the first Saturday of each month and would cover items that are not picked up curbside but are reasonable to handle.

Eligible Items

- Electronics
- Small Appliances
- Television (25" max)
- Microwave Oven
- Stereo Equipment
- Toaster Oven
- DVD Player
- Blender/Food Processor
- Computer
- Computer Monitor/Keyboard
