Have fun while helping special needs kids
in Morris Plains Recreation programs!

Here's a great opportunity for you to volunteer as a mentor of special needs kids, their siblings and friends!

- Develop your leadership skills
- Make a huge difference in your community
- Earn credits and recognition for volunteer hours
- Have fun!

Sounds good but you don't have experience? Don't worry! We offer a training course to tell you what you need to know, and you will be working under the direction of teachers and therapists who know how to work with special needs kids. Programs are designed to be fun, and you will make a difference by helping kids with a variety of skills.

Upon completion of the training you may sign up as a mentor in the new specialized recreation programs.
